

This Institute of Biostatistics and Registry Research of the Brandenburg Medical School is hiring several

Statisticians or Data Scientists

Appointments are initially for three years.

The Brandenburg Medical School Theodor Fontane (MHB) is a state-recognized non-profit university under municipal sponsorship. The Institute of Biostatistics and Registry Research (Prof. Dr. Michael Hauptmann) in Neuruppin plays an important role in clinical and epidemiological research and develops corresponding statistical methods.

We are looking for candidates with applied statistical and/or mathematical training and the ambition to improve health by performing state-of-the-art statistical analyses. We offer diverse tasks in national and international clinical research (e.g., breast cancer, Covid-19), epidemiology (e.g., radiation research), and applied statistics (e.g., risk prediction, external confounder adjustment). You will have the opportunity to support clinicians doing research in oncology, cardiovascular medicine and mental health and corresponding health services, and to teach medical students. Tasks include study design, data management and analysis, presentation of results, and preparing research proposals and publications. Preferences in focus can be considered.

The position requires:

- Bachelor or Master's degree in (Bio)statistics, data Science, data analytics, health sciences or related subjects
- Experience with statistical data analysis
- Knowledge of applied mathematical statistics
- Advanced proficiency in English and German language
- Reliability, creativity, independence, team spirit, perseverance

Work is 40 hours per week. Part time work and partial home office is possible. Remuneration is comparable to TV-L and based on training and experience. Candidates with a PhD are welcome to apply. More information can be found at <https://www.mhb-fontane.de/institute-of-biostatistics-and-registry-research.html> or by contacting Prof. Dr. Michael Hauptmann at michael.hauptmann@mhb-fontane.de or +49 3391 39 14580.

Please send your application as one PDF file to bewerbung@mhb-fontane.de.

We are looking forward to your application!
